Baker Bidpractice/Set8 1
2NT shows a balanced hand with 8+ points, and
when SOUTH then supports s

NORTH makes a slam try.

NORTH bids RKC Blackwood 4NT. SOUTH shows
two Keycards (two Aces) and NORTH bids 6 .

Baker Bidpractice/Set8 2
 NORTH has a decent Limit Raise, and SOUTH tries
 RKC Blackwood.

NORTH replies to the 4NT bid with 5

, zero or three Keycards.

So which is it, zero or three?

Pretty simple - since SOUTH holds three Keycards
 himself NORTH can hardly have three also since
 there

are only five total. She must have zero and SOUTH
 signs off at 5

.

Baker Bidpractice/Set8 3

SOUTH jumps to 4 ♣ confident that NORTH could make 10 tricks

even if he just has 6 points.

NORTH knows he can make more and bids RKCB 4NT.

SOUTH's 5

response shows zero or three Keycards.

So which is it? Zero or three?

SOUTH bid much too strongly to have no Aces. NORTH

bids a confident 6 ♠ knowing SOUTH has either three Aces or two Aces plus the ♠ K.

Baker Bidpractice/Set8 4

With eleven cards in the "round" suits SOUTH has a lot of playing strength. So when NORTH bids

a Limit Raise in

s SOUTH wants to know about Aces.

RKCBlackwood tells him that NORTH has two Aces plus the trump Queen, so SOUTH can see that 6

is practically a certainty.

S.

Baker Bidpractice/Set8 5

NORTH has interest in slam after she hears

SOUTH's Limit Raise.

BUT, she should not use Blackwood holding two quick losers in the

suit.

Instead she makes a Control showing bid of 4 (Not Gerber since it didn't follow a NT bid.)

SOUTH cooperates by making a Control bid of 4

.

NORTH stops at 4 because neither partner controls

If SOUTH had just one Key-card, NORTH would bid 5

over the 5 reply.

Baker Bidpractice/Set8 6
NORTH decides it is unlikely that SOUTH is
Aceless, so all he wants to know is the number of
Aces SOUTH does have.

He invokes RKC Blackwood.

Since no trump suit has been agreed, SOUTH bids as
if

s, the

last-bid suit prior to 4NT is agreed. SOUTH has two
Key-cards plus the trump Queen, so she bids 5 .

NORTH bids 6
