North opens 1 ♠. South responds 2 ♦, a 2/1 force to game.

North's priority is to now show the 4-card ♥ suit.

Remember that South might also have 4 ♥s.

South doesn't have 4 ♥s, nor does she have 3 ♠s.

She does, however, have stoppers in ♣s so she bids 2NT. North happily says 3NT.

South opens 1 ♠. North responds 2 ♦, a 2/1 force to game.

South's priority is to now show the 4-card ♥ suit. Remember that North might also have 4 ♥s.

North doesn't have 4 ♥s, nor does she have 3 ♠s. Furthermore, she does not have stoppers in ♣s so she cannot bid NT. Since she has to keep bidding, but has no reasonable bid she can make, she bids the fourth suit, 3 ♣. Compare this Deal with Deal 21.

South understands that North's ♣ bid is Fourth-Suit-Forcing, and does not actually show ♣s. However since South does have a ♣ stopper he bids 3NT. In this case this turns out to be the best game contract.

North passes and South opens 1 ♠.

North now bids 2 ♦. Since North originally passed this is NOT 2/1 Game Force. Instead, it is forcing for one round and shows 11 or more points.

South next shows her 4-card ♥ suit. North gives a preference to 2 ♠.

Knowing that North does not have opening strength South passes 2 ♠.

2 ♠ by North

Baker 2over1 24

South opens 1 ♠. With 9 points and a doubleton ♠ North must respond 1NT.

In standard bidding South would happily pass a 1NT response. But in 2/1 the 1NT response is forcing for 1 round. South is forced to bid a 3-card minor so he says 2 ♣.

North prefers ♣ over ♠ but must allow for the possibility that South has bid a 3-card suit. So North gives a preference to 2 ♠. This is called a "false preference", but it assures the team of being in at least a 7-card fit.

South happily passes and the pair lands in a reasonable contract, probably better than 1NT.

North opens 1 ♠. South has a mountain, but there is seldom a need to jump-shift when using 2/1. He bids 2 ♥.

North's priority on her first rebid is to agree trumps if possible. Knowing South has at least a 5-card suit, she bids 3 ♥.

South naturally feels slammish, and shows it with a control-showing cue-bid, 4 ♣. Do not even THINK this might be Gerber.

North doesn't have any extra strength, but that doesn't matter. With North making a slam try she should cooperate by showing her ♦ control. It is important to realize that North isn't showing any extra strength, she is merely going along with South.

South asks for Aces and gets two. He decides to find out about Kings, if North happens to have three he will bid 7NT. When North shows just one South settles for 6 ♥. This should be a good slam, needing only a decent ♠ break.
