3 NT by South

Baker 100Deals 85

You are South and it is your bid. Decide what you would say, then on BID.

With 11 points and a beautiful 6-card suit this is the perfect hand for a Weak-2 opener. So you open 2♦. Partner responds 2NT.

Partner's 2NT bid is a standard response to a Weak 2-bid. You are expected to rebid your suit if you have a minimum (6-8 point) hand. Otherwise you are to bid an outside suit in which you hold a high card - this is called "showing a feature". And the final possibility is this one, where you have a solid suit, either A K Q x x x or A K J T x x. In this case you bid 3NT.

North would play 3NT.

South plays 3NT. West leads ♠J. East plays ♠K.

Winner count: ♠ 2 : ♥ 1 : ♦ 3 : ♣ 1 : Total = 7

The ♠ lead assures you of two tricks in the suit. So you only need to create two more. If the ♦s split 3-2 (likely) you could get 3 extra tricks there. But there's a danger - if they split 4-1 you wouldn't have an entry to them. Well, you wouldn't have an entry unless you DUCKED the first ♦. Then a 4-1 split wouldn't prevent you from making 5 ♦ winners.

So you win the ♠A and lead the ♦3, planning to duck.

West shows out.

Make PLAN B, then

West shows out.

That's tough. No matter how you play them you can only get 3 ♦ winners. So you must turn elsewhere - elsewhere being the ♣ suit.

Win the ♦Q but don't play another ♦ yet, you need an entry back to dummy later. Instead, lead the ♣2 and finesse your ♣T. West will win with one of the high ♣s and probably return a ♠. You may as well take the ♠Q now. Play your ♦8 to dummy's ♦K, cash the ♦A, then play the ♣4, finessing your ♣J. Fortunately this wins and when you cash your ♣A both defenders follow. The rest of your clubs are good and you make an overtrick.

When the ♦s turned out to be 5-0 you had to get lucky. Your back-up Plan wasn't likely to work - it required the missing ♣ honors to be split, but also required a 3-3 ♣ split, not a likely outcome.

But there was no other choice so you have to try it.

♠2 and ruff with dummy's ♥K. Ruff a ♣ to get back to your hand and ruff the ♠7 with dummy's ♥9. North may over-ruff this, but only with a trump trick he was going to win anyway.

You will lose two ♦s and the ♥Q but no more.

The problem is that North would have over-ruffed the ♥9 and then played another ♥ and you would not have gotten to ruff either ♠,

Baker 100 Deals 86

You are East and it is your bid. Decide what you would say, then on BID.

You open 1♥, South overcalls 1♠ and partner passes.

What do you say?

You shouldn't let South steal from you so you will bid your ♥s again. You must decide between 2♥ and 3♥. Given that partner might have had a pretty decent hand yet still have to pass, you decide to go with 3♥. Partner bids 4♥.

East plays 4♥. South leads the ♠Q.

Losers: ♠ 2 : ♥ 1 : ♦ 2 : ♣ 0 : Total = 5

Win the ♠K, then enter dummy with the ♣A and play another ♠ toward your ♠A. You do this to prevent North ruffing your high ♠. Next you lead the

4 ♥ by North

Baker 100Deals 87

You are North and it is your bid. Decide what you would say, then on BID.

You respond 1 ♠, your 5-card Major. Partner jumps to 3 ♥.

Make your next bid.

Partner is showing 16-18 points and you have 9. Since he rebid ♥s he must have at least six of them you you know there is an 8-card fit. You bid 4 ♥.

South would play 4 ♥.

North plays 4 ♥. East leads the ♣K.

Losers: ♠ 0 : ♥ 0 : ♦ 2 : ♣ 2 : Total = 4

You might consider setting up dummy's ♠ suit for a discard but there are too few entries to make that work.

More promising is playing West to have at least one of the ♦ honors and taking two finesses in that suit. BUT, entries are still a problem. You can only reach dummy twice, once with the ♣A and once with the ♥Q, and you must play ♦s each time you are there.

Win the first trick with the ♣A and play the ♦J, letting it ride if West doesn't cover. East will win this trick and take two ♣s. He will probably then lead a ♠. You win your ♠A, play ♥A then a small ♥ to dummy's ♥Q. Now lead a ♦ and finesse with your ♦9. When this wins, pull trumps and claim.

This will happen about 75% of the time, so the double finesse is a good Plan. And on this Deal it was the only plan available.

4 ♥ by East

Baker 100Deals 88

You are East and it is your bid. Decide what you would say, then on BID.

You respond with your 5-card Major, 1 ♠.

Partner jumps to 3 ♥. What do you bid?

With partner's 16-18 points you probably have enough strength for game.

With partner's six ♥s you have an 8-card fit.

So you bid 4 ♥.

West would play 4 ♥.

East plays 4 ♥. South leads ♣A, ♣K, ♣4. North plays ♣8 then ♣2.

Losers: ♠ 0 : ♥ 0 : ♦ 1 : ♣ 3 : Total = 4

Suppose you discard a ♦ from dummy. If North doesn't ruff this ♣ Then your ♣Q will win. You could then try to establish dummy's ♦Q to discard your fourth ♣ on.

But you know that plan won't work because North IS going to ruff this ♣ if you discard. You only have one chance to make this contract, and that is the chance that North was not dealt the ♥J. So you ruff with dummy's ♥T and pray North doesn't over-ruff.

So you won that trick and still had your ♣Q to use after you pulled trumps.
