Pass

2 ♠ by North

NORTH has a perfect hand for an opening bid of 2<sup>♠</sup>.

SOUTH will be tempted to respond with his opening hand and good trump support, but he should

resist the temptation. To raise a Weak Two-bid to game you should have quick winners, not just points.

South

2 ♠

Pass

SOUTH has the same hand as in Deal 1 and again opens 2<sup>♠</sup>™.

This is the type of hand NORTH needs to bid game. Notice that even with all those winners the

pair is nowhere close to having a slam. They will probably make just ten tricks.

4 ♠ by North			

Once more, NORTH has the same hand as Deals 1 and 2.

This time SOUTH has a very poor hand without any chance of making game. However, he should bid

4<sup>TM</sup> anyway.

It is very likely that the opponents can make 4

4<sup>TM</sup>

if West gets the

opportunity to get into the bidding. Hopefully the 4<sup>TM</sup> bid will shut him out, and 4<sup>TM</sup> probably

won't go down more than a couple of tricks.

South

3 ♦

SOUTH has a pretty normal preemptive 3

â™™!

bid.

NORTH has the equivalent of an opening  
1 NT bid and will be very tempted to bid  
3 NT.

That might turn out to be a disaster,  
particularly if NORTH is unable to reach  
the SOUTH hand.

NORTH should assume SOUTH can win  
six tricks if

â™™!

s are trumps. Thinking this way points NORTH to her

best call - PASS.

4 ♥ by North			

Here SOUTH has the kind of hand you need to raise a preempt to game.

SOUTH assumes that NORTH has a hand with six winners in it. He can provide four more, so

that is just enough for game. He bids 4

â™Ÿ

.

4 ♠ by South

SOUTH has a 7-card ♠ suit but he is too strong to open with a preemptive bid.

So he opens 1♠ instead.

NORTH should respond 2♣, and SOUTH can do nothing but rebid the ♠ suit.

NORTH thinks there should be game and bids 4♠
