4 ♥ by South

South has 13 points and naturally opens 1 ♠.

North, with 15 points, would bid 2 ♥ in standard bidding, but with 2/1 this promises a 5-card suit. So instead, North responds 2 ♣, forcing the partnership to game. Note that holding two 4-card minors North bids them up-the-line, just as in standard bidding.

South has a nice 6-card ♠ suit, so you might think he would rebid them. But Opener's first responsibility with his second bid is to show a 4-card Major if he has one. This isn't much of a suit, but South still bids 2 ♥.

You can see why it is important for Opener to show a 4-card Major. Since North couldn't bid ♥s in her first

response the fit would have been lost if South had not mentioned the suit. North now confirms the trump suit with a 3 ♥ bid, and South shows his minimum by just bidding the game.

Pass			
3 NT by South			

North opens 1 ♥, his 5-card Major. South, with 14 points, naturally responds 2 ♦, forcing the partnership to game.

North next bids 2 ♠, showing the other Major suit. In standard bidding North would not be able to bid the ♠s since that would be a Reverse and North is far too weak to Reverse. But after a 2/1 Response the concept of a Reverse does not apply, and the priority of showing a 4-card Major certainly does apply.

South assumes North to be 4-5 in the Majors, so she cannot support either. She bids 2 NT. If North actually has 6 ♥s (or 5 ♠s) he will rebid the suit. South's 2 NT bid guarantees a stopper in the fourth suit.

North does not have either 6 ♥s or 5 ♠s so he just bids 3 NT. Notice that North never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.

2 ♥

3 NT

South opens 1 ♠, his 5-card Major. North, with 14 points, responds 2 ♣, a 2/1 force to game.

South next bids 2 ♥, showing the other Major suit.

North assumes South to be 5-4 in the Majors, so she cannot support either. She cannot bid 2 NT without a stopper in ♦s. So North bids the fourth suit, 3 ♦, telling South she knows she must make a bid, but can't find anything appropriate.

South now must find a bid. His choices include rebidding the 5-card ♠s, supporting North's ♣s with a doubleton Queen, or bidding 3 NT with the ♦ K 6 as a stopper. He chooses this last option. It appears that 3 NT is the best game for these two hands.

ALL	Pass		
6 ♥ by South			

North opens 1 ♠, her 5-card Major and South responds 2 ♥. North knows this is a 5-card suit, and bids 3 ♥, confirming the 8+card trump fit.

Once the trump fit is known, South revalues his hand to about 19 points. He makes a slam try with a control-showing bid of 3 ♠. He knows North won't take this as ♠ support since the partnership has agreed that ♥s are going to be trumps.

North now shows her control by bidding 4 ♣.

That was what South needed to hear; when Blackwood uncovers two Aces he bids 6 ♥.

The slam is a good one. If either the ♠ Q or ♣ K is right there are 12 tricks by way

of a finesse. But the best way to play the hand would be to try to establish a ♠ in the North hand, and if that fails try the ♣ finesse.

♦ K 9 6
♣ Q 7

South opens 1 ♥ and North responds 2 ♣. Using standard bidding South would now jump to 3 NT to show his 19 points, but in 2/1 this is not necessary since the partnership must not stop bidding until game is reached. So South just bids 2 NT. North shows her minimum by bidding 3 NT.

South will now disclose his extra strength. He bids 4 NT. This is not Blackwood, but rather a quantitative raise in Notrump, and an invitation to slam.

North has 15 points, and they are good ones. She accepts the invitation and bids 6 NT.

There are 11 top tricks. A 3-3 ♥ split would provide the 12th winner, but this is against the odds. Better to try two ♠

finesses, a 75% chance.

South opens 1 ♠ and North responds 2 ♦. South has a pretty good hand, 17 points, but no stopping power in the minor suits. Also, South's ♠ suit is pretty ragged. Taking these points into consideration, South should just rebid his 6-card suit.

North should now jump to 4 ♠. This is Fast Arrival, indicating a minimum hand with no particular interest in slam.

South is happy to rest in the game contract.

Even with a combined 30 points, 7 tricks are certainly not a sure thing. South must hope that East holds the trump King.
