**Baker Reverse 7**

You would really love to pass. You have a terrible hand and you like the ♦ s better than the ♣ s.

But you are forced to bid. And since partner has 5 ♣ s and only 4 ♦ s, you should take him back to his first suit.

Mercifully he passes.

**Baker Reverse 8**

When partner shows 17+ points with his Reverse you are sure you belong in game. Since he did not support your ♠s you know he doesn't have four of them. You also know you have an 8-card fit in ♦s, but surely nine tricks in Notrump will be easier than eleven in ♦s.

**Baker Reverse 9**

With 17 points you have a perfect hand for a Reverse.

So you bid 2 ♦. Partner then says 3 ♣. What do you say?

Partner's return to your ♣ suit shows he has fewer than 9 points. Although it is possible to devise a hand for him where your side could make 3NT, the risk is too great.

So you pass. It's a good thing, too.

**Baker Reverse 10**

You have 7 points, and basically nothing but s♥. You must make a minimum bid, and the only reasonable one is 2♥. Despite his 17 points, partner passes.

**Baker Reverse 11**

You have an ideal hand for a Reverse, so you bid 2 ♥.

Partner now bids 3 ♦. What do you say?

Partner has a minimum hand, but at least he came up with a preference for ♦ s.

There are no guarantees here, but you should probably try 5 ♦.

**Baker Reverse 12**

With 18 points you have enough to make a Reverse.

So you bid 2 ♦. Partner now says 3 ♠. What do you bid?

Partner's jump bid shows a 6-card suit and enough points to insist on game. With your ♥ stopper you might be considering 3NT, but since you know of an 8-card ♠ fit you decide on 4 ♠.

Be very glad that you did. 3NT would go down with a ♥ opening lead while 4 ♠ is cold.
