With your 17 revalued points you know that your side
has at least enough for game, so bid 4 ♠.

Pass. Partner indicates a minimum hand and you don't have enough extra to bid more.

You have a pretty good hand and if partner has a limit raise or better you should bid 4 ♥.

But partner doesn't have a limit raise - if he did he would have cue-bid. So you pass.

Baker Cue-bid 5

You would have bid 2 ♠ if East had not overcalled.

Instead, with 4 trumps you can jump to 3 ♠ as a preemptive measure. Partner will not mistake this for a limit raise since you would have cue-bid with 11+ points and support.

The jump to 3 is based on the Law of Total Tricks - bidding to a trick level equal to the number of your side's trumps.
