North opens 1 ♥ and South responds 2 ♣. Using standard bidding North would now jump to 3 NT to show his 19 points, but in 2/1 this is not necessary since the partnership must not stop bidding until game is reached. So North just bids 2 NT. South shows her minimum by bidding 3 NT.

North will now disclose his extra strength. He bids 4 NT. This is not Blackwood, but rather a quantitative raise in Notrump, and an invitation to slam.

South has 15 points, and they are good ones. She accepts the invitation and bids 6 NT.

There are 11 top tricks. A 3-3 ♥ split would provide the 12th winner, but this is against the odds. Better to try two ♠ finesses, a 75% chance.

4 ♠ by South

South opens 1 ♠ and North responds 2 ♦. South has a pretty good hand, 17 points, but no stopping power in the minor suits. Also, South's ♠ suit is pretty ragged. Taking these points into consideration, South should just rebid his 6-card suit.

North should now jump to 4 ♠. This is Fast Arrival, indicating a minimum hand with no particular interest in slam.

South is happy to rest in the game contract.

Even with a combined 30 points, T tricks are certainly not a sure thing. South must hope that East holds the trump King.

6 ♥ by North			

South opens 1 ♠. North has a powerhouse, plenty strong enough to jump-shift. But playing 2/1 it's usually simpler when you make the 2/1 response, and save your jumping for later - if at all. So North bids just 2 ♥, knowing South must keep the bidding open.

South knows North has at least 5 ♥s, so his first priority is to agree on the trump suit. He bids 3 ♥.

North now makes the slam try. She knows South has at least three trumps, and all she wants to find out is how many Aces/Kings South holds. So she bids Blackwood and South confesses to two Aces.

Still hoping for the Grand, North bids 5 NT. Oops, South doesn't have any kings so North settles for a small slam.

This is a good slam, cold if East makes any opening lead other than a ♣. With a ♣ lead, North will have to pull trumps and play to discard a loser on the ♠T.

South opens 1 ♥ and North responds 2 ♦.

South has a good-looking hand, but needs to find a trump suit before she starts showing her extra strength, so she bids just 2 ♥.

Knowing that South holds 6 ♥s, North can support with the honor doubleton so he agrees the trump suit with a Fast Arrival bid of 4 ♥.

South has some extra strength, but not enough to push on after North's weak bid. Notice that if South DID try a 4 ♠ Control bid North would just bid 5 ♥ and the pair might be one trick too high.

bidding North's first response would be 2♦, and South would have to bid again, probably 2 NT. The partnership might go even higher but in any case would probably not reach a good contract.

South opens 1♠. North has 11 points, enough to respond 2♥ in standard bidding, but not when using 2/1. So she bids 1 NT.

South would love to pass 1 NT but is not permitted to do so. He has no good bid, so he must bid a 3-card suit. When holding two 3-card minors, usually bid ♣s. North now shows the ♥ suit that she could not bid first round.

South was forced to reply to 1 NT, but he is not forced to bid again. With his minimum hand and a tolerance for partner's suit he just passes and the partnership ends up in a reasonable contract.

This hand demonstrates one of the benefits of Forcing 1 NT. In standard
