The slam was easy to bid, now you just have to make it. North plays 6♣. East leads the ♦ Q.

Now eliminate ♥s from your hand and dummy by playing ♥ K, ♥ A, ♥ J. BUT BE CAREFUL! On the ♥ J you must discard a ♦ from dummy so both of you will be out of ♦s at the throw-in.

NOW you can execute the throw-in. Play your ♦, which eliminates ♦s from both you and dummy and at the same time throws in one of the defenders. Whoever it is will be forced to lead a ♠ and eliminate your guess for the ♠ Q or else give you a ruff-sluff, allowing you to ruff in dummy and discard a ♠ loser from your hand.

Perhaps Aunt Harriet isn't that lucky after all, perhaps she just knows how to

perform elimination plays.

Hopefully in the future you will be the one with the reputation!

4 ♠ by East

Lead: ♥ K

When the bidding gets high in a hurry you sometimes have to guess what you can make. East plays 4 ♠. South leads the ♥ K.

And it looks like you are too high. Assuming the trumps split 2-1, you still have one ♥ loser, two ♦ losers and one ♣ loser.

You win the ♥ A and play a ♠ to your ♠ K. North discards a ♦!

From bad to worse. Now you must add a ♠ loser to the four you already had. Are you finished?

No, never give up. South has a bunch of ♥s and 3 ♠s, so he cannot have many ♦s and ♣s. If you can eliminate those and

then throw him in it should work to your advantage.

Play your ♠ A, the ♦ A and the ♣ A K. South follows to everything.

You've done all you can do. Now play the ♥ T to South's high ♥.

South has just won his side's first trick with the ♥ J. He now plays the ♠ Q, winning his side's second trick.

Now, South is still on lead, and he has nothing in his hand but good ♥s. So he leads one of them, and you DO NOT RUFF. Instead you discard a ♣ from dummy and a ♦ from your own hand. South has now taken his side's third trick. He plays another good ♥, and you ruff in dummy and discard the last ♦ loser from your hand. You can now cross-ruff for the rest of the tricks.

You just wonder how many bridge players would have just conceded down 2 on this hand.

Not you or me, of course.

6 ♠ by South  
 Lead: ♦ K

North's 3 ♠ is a limit raise, 11-12 points in support of ♠s. When you discover that the raise includes two Aces you bid the slam. South plays 6 ♠. West leads the ♦ K, won by you with dummy's ♦ A.

So rather than finesse, eliminate! Pull trumps in two rounds, ending in dummy.

Ruff the ♦ 6, then play ♣ A, ♣ K, ♣ Q.

So here you are in dummy. Do you finesse the ♥ now? Of course not. You play the ♦ J and discard a small ♥ from your hand. West wins his ♦ Q (which his opening lead told you he held) and is end-played. He must lead a ♥ to your tenace or give you a ruff-sluff.

It is a pretty simple problem, but you are no doubt getting a lot better.

last ♥.

You are in dummy, just where you want to be. Play the ♦ K, and when West plays the ♦ A don't ruff but instead discard a ♣ from your hand. You knew all along that he held the ♦ A.

West is end-played, forced to either break the ♣s and give you a ♣ trick, or give you a ruff-sluff.

It also depended upon the defenders not switching to ♣s at the second trick. If East had decided to switch to the ♣ Q you would have had no chance at all.

North is to play 4 ♠. East leads the ♦ Q.

The contract is in danger if West holds the ♣ A because you would have three ♣ losers to go with the ♦ already lost. One really good possibility is that West now has the lone ♦ A and you can set up dummy's ♦ K with a ruff.

So play a small ♠ to dummy's ♠ 9, (pulling the two outstanding trumps), and ruff another ♦ with an honor, hoping the ♦ A drops.

Too bad, the ♦ A did not fall so dummy's ♦ K is not a winner. But it will still prove to be useful.

Play the ♥ A, then ruff a ♥ in dummy. Play a trump to your ♠ A and ruff your last ♥.
