 W E
 S

♠ K J 9
 ♥ 10 2
 ♦ K 7 4 3
 ♣ Q 10 6 4

You are North and it is your bid. Decide what you would say, then on BID.

You open 1 ♥, partner responds 3 ♥.

What is your next bid?

Partner's 3 ♥ response shows 11-12 points with good trumps.

With your 14 points you decide to bid the game.

North plays 4 ♥. East leads the ♣ 4, West plays the ♣ K.

Losers: ♠ 3 : ♥ 0 : ♦ 2 : ♣ 1 : Total = 6

There is no hope of extra winners except the ♦ suit. You are wide open in ♠s, so you have to hope that East holds the ♦ K. But that won't be enough by itself, in case he has ♦ K x x x you also have to have three entries to your hand. Two of them will be the ♥ A and ♥ Q and the third entry must be the ♣ A.

So you win the first trick with the ♣ A and immediately take your first ♦ finesse. It wins, so you return to your hand with a ♥ to the ♥ Q and take another ♦ finesse. Back to your hand with the ♥ A (pulling the last trumps) and take a third ♦ finesse. Finally on the ♦ A you can discard either your ♣ loser or a ♠. You will have to give up three tricks at the end.

Any other plan that was based on East holding the ♦ K would work ALMOST 50% of the time but would fail when East had three protectors for the ♦ K.

West North East South

3 ♥	Pass	1 ♥	Pass
Pass	Pass	4 ♥	Pass
4 ♥ by East			
Lead: ♠ Q			

You are West and it is your bid. Decide what you would say, then on BID.

You have 11 (perhaps 12) points and four trumps. Just right for a limit raise.

So you bid 3 ♥ and partner goes to game.

East would play 4 ♥.

West plays 4 ♥. North leads the ♠ Q.

Losers: ♠ 1 : ♥ 1 : ♦ 1 : ♣ 1 : Total = 4

You know you can't get rid of the ♦ loser, and it's hard to imagine a way that would let you get rid of the ♣ loser. The ♥ loser depends on the finesse. So you should try to find somewhere to put the ♠ loser.

First you win the ♠ A. You know that you will eventually take the ♥ finesse, so should you take it now? Visualize the likely defense actions if you do. Say South wins the ♥ K. He will surely play another ♠, knocking out dummy's ♠ K. Whenever

you try to set up ♦s the defense will take their ♠ trick and you will eventually go down.

What happened is that you gave the defense a tempo and let them control the timing of the play. You should not have rushed into the ♥ finesse. Instead suppose that you win the first trick with dummy's ♠ K and immediately play the ♦ Q. The defense can take their ♦ A when they want to and push another ♠, but now the timing is on your side. You can discard a ♠ from dummy on your good ♦ in time.

Set up the ♦ winner before you take the ♥ finesse and you will always be able to dump the ♠ loser no matter who has the ♥ K.

 Pass 3 NT Pass Pass

Pass
 3 NT by South
 Lead: ♦ 2

You are South and it is your bid. Decide what you would say, then on BID.

With 15 points and a balanced hand of course you open 1 NT.

Partner's response is 2 ♣. What do you bid?

Partner's 2 ♣ bid is Stayman asking you to name a 4-card Major.

You bid 2 ♠, but that must not have been the Major he wanted so he bids 3 NT.

South plays 3 NT. West leads the ♦ 2. East plays ♦ Q. You hold up on this trick and East returns the ♦ 3.

You hold up on this trick and East returns the ♦ 3.

Winners: ♠ 1 : ♥ 4 : ♦ 1 : ♣ 0 : Total = 6

You need to get three more winners and you have two very clear possibilities.

If East holds the ♠ K you can finesse him out of it and win an additional 3 tricks in the suit. The problem with this approach is that half the time West will hold the ♠ K and you will go down.

Or you can drive out the ♣ A and definitely set up an additional 3 tricks in that suit. The problem with this approach is that if the defender's ♦s split 5-3 they will be able to win 4 ♦s and the ♣ A.

If you pay attention to the opening lead this becomes a simple decision. West led the ♦ 2. Assuming that was fourth down then he must have led from a 4-card suit. So it looks like the ♦s must be splitting 4-4 and it is safe for you to establish ♣s. So you drive out the ♣ A. The defenders take their other 2 ♦s but you make the game losing only 3 ♦s and the ♣ A.

West's lead of the ♦ 2 should have made you pretty sure that he had led from a 4-card suit. If the ♦ 2 is fourth down, there cannot be a fifth down. Additionally, East's return of the ♦ 3 confirmed that conclusion. If East had started with only 3 ♦s, (say ♦ Q 6 3) his correct return at trick 2 would have been his next highest, the ♦ 6. With 4 cards in the suit his correct return is his original fourth down.

West	North	East	South
1 ♠	Pass	2 ♠	Dbl
4 ♠	Pass	Pass	Pass

4 ♠ by West

Lead: ♦ J

You are West and it is your bid. Decide what you would say, then on BID.

You have a good hand, a very good hand. But not good enough to open 2 ♠.

Instead you open 1 ♠, partner raises to 2 ♠ and South doubles.

Some would think it clever to now redouble - to put the pressure on South maybe.

But why bother? South would just bid 3 ♥ or 3 ♦ and then you would bid 4 ♠. So save all the in-between and just bid it now.

West plays 4 ♠. North leads the ♦ J.

Losers: ♠ 0 : ♥ 1 : ♦ 1 : ♣ 2 : Total = 4

One loser to get rid of. Perhaps you could lead toward the ♥ Q? Nope, that wouldn't work because South surely has the ♥ K for his Takeout Double.

Play South for the ♣ K and finesse him out of it? That probably would work since he likely has that card for his Takeout Double.

So you take the ♦ A, pull trumps and then . . . and then you apologize to your partner. You had to be in dummy to finesse the ♣ and you were only going to be there once. You must finesse the ♣ immediately, then pull trumps.

If you decided to play for trumps to split 2-2 so you could use the ♠ 8 as an entry back to dummy for the ♣ finesse then you need to start thinking more clearly!

♣ 9 7

You are North and it is your bid. Decide what you would say, then on BID.

You open 1 ♠ and partner responds 2 ♠.

With 18 points you want to invite partner to bid game if he has 9 or 10 points. While you could do this with a 3 ♠ bid it is more informative to use a Help Suit Game try - bidding 3 of the suit you'd most like help in. You bid 3 ♥.

Partner has magnificent help in the ♥ suit so he bids 4 ♠.

North to play 4 ♠. East leads the ♣ Q.

Losers: ♠ 1 : ♥ 0 : ♦ 2 : ♣ 1 : Total = 4

You know you are going to get to dummy with a ♥ and then try the ♠ finesse. Your big worry should be that if the ♠ finesse loses West will be able to get the lead and play a ♦ through your ♦ K 8.

So ask yourself: "How is West going to get the lead?" The only trick he could win would be the ♣ K which he almost surely has. But you can keep this from happening by simply holding up on the first ♣ trick. Win the next one with your ♣ A, enter dummy with a ♥ and take the ♠ finesse. It loses, but to East who can't hurt you with a ♦ play.

Then think about how to keep West from getting the lead - in this case holding up on the first trick.

West	North	East	South
		1 ♠	Pass
3 ♠	Pass	4 ♠	Pass
Pass	Pass		
4 ♠ by East			
Lead: ♥ Q			

You are West and it is your bid. Decide what you would say, then on BID.

With four trumps and 11-12 points you have a pretty standard limit raise.

So you bid 3 ♠ and partner raises to game.

East would play 4 ♠.

West plays 4 ♠. North leads the ♥ Q.

Losers: ♠ 1 : ♥ 1 : ♦ 1 : ♣ 1 : Total = 4

You have a loser in each suit and must eliminate one of them. Since the defense can take their Aces whenever they want to you need to find a place to put your "slow" ♥ loser. There are two possibilites, but each must be tried immediately because once you lose the lead the defenders will set up their ♥.

You could win the ♥ in your hand and lead toward the ♣ K. If North holds ♣ A you can establish the ♣ K for a ♥ discard.

You could win in dummy and set up a ♦ no matter which defender holds ♦ A. You could then discard a ♥ from dummy on your good ♦. This is obviously the better choice since it works with any distribution.

Win the first trick with dummy's ♥ K and play ♦ J. Continue ♦ s until they take the ♦ A. Win their return with your ♥ A and discard dummy's ♥ 7 on your good ♦. Only then do you start on trumps.

A very important part of this Plan was where you chose to win the first trick. Since entries are a problem with either hand you had to save the high ♥ as entry to the hand that would have the eventual winner.
