All Pass

1 NT by South

Baker Bidpractice/Set1 1
 SOUTH has a perfect 1NT opener; a balanced hand with 16 points.

NORTH has 7 points; he knows that the most points the partnership could hold is 24 (7 + 17).

Since this is below the 26 point game requirement he passes.

3NT by North

Baker Bidpractice/Set1 2
SOUTH has an ideal 1NT opening -

16 points and balanced distribution.

With 12 points, NORTH knows the partnership total is between 27 and 29, enough for game

but not enough to think about slam. Since NORTH also has a balanced hand she bids 3NT.

		All Pass	

3NT by North

Baker Bidpractice/Set1 3
SOUTH has 16 points and balanced distribution.

She naturally opens 1NT.

NORTH has 14 points and balanced distribution so he does the math.

The partnership has at least 29 points (14 + 15).

The partnership has at most 31 points (14 + 17).

Since this is more than the 26 needed for game, but fewer than the 33 needed for slam

NORTH just bids 3NT, knowing SOUTH will respect his decision and pass.

Baker Bidpractice/Set 1 4

When SOUTH opens 1NT, NORTH knows that he cannot have more

than 17 points. So with her 7 points, she knows there is no reason to respond.

3 NT by South

Baker Bidpractice/Set1 5
SOUTH has a maximum 17 point 1NT opener.

NORTH has 9 points:

- if SOUTH has 15 the total is 24, not enough for game.

- if SOUTH has 17 the total is 26, enough for game.

Since NORTH doesn't know what to do he passes the buck back to SOUTH

by bidding 2NT; this is an invitation for SOUTH to bid game.

SOUTH has a maximum 17 point hand so she accepts the invitation.

3 NT by South

Baker Bidpractice/Set1 6

With 9 points NORTH is unable to decide the final contract. If SOUTH has 17 points then the partnership

should be playing 3NT. If SOUTH opened with just 15 points then 3NT will be too high..

So NORTH makes the temporizing bid of 2NT. This tells SOUTH that he must make the final call - go on to

game if he has maximum, pass if he has minimum. On this Deal SOUTH has 17 points so he bids 3NT.
