West	North	East	South
Pass	1♥	Pass	2♦
All Pass	2NT	Pass	3NT

3NT by South

Baker 2 over 1
 After North's 1♥ opening South counts 12 HCP plus one length point for the fifth ♦. That is enough for a 2/1 response so South says 2♦.

The partnership is now forced to reach game so North bids 2NT. This describes a balanced hand with exactly 5 ♥s and no 4-card ♠ suit.

South is happy to play in Notrump, and with no extra strength above the 13 points already promised, uses Quick Arrival and bids 3NT. North passes and a reasonable game contract is reached.

Notice that you would bid this hand the same way whether or not you play 2/1.

West	North	East	South
Pass	2♦	Pass	1♥
Pass	3♥	Pass	2♥
All Pass			4♥

4♥ by South

Baker 2 over 1 2
South opens 1♥ and North, with 16 points, responds 2♦, forcing the partnership to game.

South has a minimum strength hand, but with a 6-card suit he rebids 2♥.

Opposite South's 6-card suit, North's doubleton is adequate support. If North had a minimum for her 2/1 response she might just jump to 4♥ to show no interest in slam. With a little extra she bids 3♥ since she knows the bidding cannot stop until game is reached. From North's perspective South might have a big hand; his 2-level rebid shows suit length but does not say anything about strength. This is one of the beauties of 2/1, the bidding can be kept low while you look for the best place to play. However, this time South merely bids the game and North passes.

The hand would have been bid the same with or without 2/1.

6♥ by North

Baker 2 over 1 3

With 16+ points and 3 ♥s, South will insist on a ♥ game at a minimum. But there is no need to start making jump bids, she starts with a simple 2♦ bid. North also refrains from a jump, and rebids 2♥ to show the 6-card suit.

South now says 3♥ to set the trump suit. At this point North reveals some slam interest, making a control-showing bid of 4♣. South continues the process, and bids 4♦, showing the ♦A.

North has heard enough. He bids 4NT, and when South admits to two Aces he bids the slam.

West	North	East	South
2♦	2♥	Pass	1♠
All Pass			

2♠ by South

Baker 2 over 1 4

South has a minimum 1♠ opening bid. After West's 2♦ overcall both South and North know that the 2/1 Game Force is no longer on. North can therefore bid 2♥, showing at least 11 points. This bid is forcing on South for 1 round, but not forcing to game.

South next rebids his ♠s, promising a 6-card suit, but also indicating a minimum strength hand! Since the Game Force is not on, South would have to make a jump bid to show extra strength.

North has nothing further to say so the partnership arrives in a safe contract.

4♥ by South

Baker 2 over 1 5
North opens 1♠, the higher ranking of the two 5-card suits.

South, with 14 points, responds 2♣, forcing the partnership to game.

North now bids his ♥ suit.

At this point South figures North for 5 ♠s and 4 ♥s. South cannot support either of North's Majors, but with a good stopper in the fourth suit bids 2NT. The game force is still on and North may not pass this bid.

North bids 3♥, indicating that this is also a 5-card suit. Now South can bid the ♥ game, knowing there is an 8-card fit.

4♥ by South

Baker 2 over 1 6

North opens 1♠ and South, with 14 points, responds 2♥. Note that South is not permitted to make this bid without a 5-card or longer ♥ suit.

North, knowing that South has 5, bids 3♥ to confirm the trump suit.

South has a minimum strength hand with no slam aspirations, so he uses Fast Arrival and bids 4♥. North is also satisfied to just play at game.

2/1 is a good bidding method, and here, 4♥ is a good contract. But you can see that it is not a laydown - there is no bidding system that will always reach T0% contracts. In this hand a 3-3 ♦ split will provide the Tth trick, or if that fails, taking 2 ♠ finesse provides a 75% chance of success.

the game.

Baker 2 over 1 7

North has 13 points and naturally opens 1♠.

South, with 15 points, would bid 2♥ in standard bidding, but with 2/1 this promises a 5-card suit. So instead, South responds 2♣, forcing the partnership to game. Note that holding two 4-card minors South bids them up-the-line, just as in standard bidding.

North has a nice 6-card ♠ suit, so you might think he would rebid them. But Opener's first responsibility with his second bid is to show a 4-card Major if he has one. This isn't much of a suit, but North still bids 2♥.

You can see why it is important for Opener to show a 4-card Major. Since South couldn't bid ♥s in her first response the fit would have been lost if North had not mentioned the suit. South now confirms the trump suit with a 3♥ bid, and North shows his minimum by just bidding

might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.

Baker 2 over 1 8

North opens 1♥, his 5-card Major. South, with 14 points, naturally responds 2♦, forcing the partnership to game.

North next bids 2♠, showing the other Major suit. In standard bidding North would not be able to bid the ♠s since that would be a Reverse and North is far too weak to Reverse. But after a 2/1 Response the concept of a Reverse does not apply, and the priority of showing a 4-card Major certainly does apply.

South assumes North to be 4-5 in the Majors, so she cannot support either. She bids 2NT. If North actually has 6 ♥s (or 5 ♠s) he will rebid the suit. South's 2NT bid guarantees a stopper in the fourth suit.

North does not have either 6 ♥s or 5 ♠s so he just bids 3NT. Notice that North never once considered the possibility of passing what

3NT by North

Baker 2 over 1 9

North opens 1♠, his 5-card Major. South, with 14 points, responds 2♣, a 2/1 force to game.

North next bids 2♥, showing the other Major suit.

South assumes North to be 5-4 in the Majors, so she cannot support either. She cannot bid 2NT without a stopper in ♦s. So South bids the fourth suit, 3♦, telling North she knows she must make a bid, but can't find anything appropriate.

North now must find a bid. His choices include rebidding the 5-card ♠s, supporting South's ♣s with a doubleton Queen, or bidding 3NT with the ♦ K 6 as a stopper. He chooses this last option. It appears that 3NT is the best game for these two hands.

6♥ by South			

Baker 2 over 10

North opens 1♠, her 5-card Major and South responds 2♥. North knows this is a 5-card suit, and bids 3♥, confirming the 8+card trump fit.

Once the trump fit is known, South revalues his hand to about 19 points. He makes a slam try with a control-showing bid of 3♠. He knows North won't take this as ♠ support since the partnership has agreed that ♥s are going to be trumps.

North now shows her control by bidding 4♣.

That was what South needed to hear; when Blackwood uncovers two Aces he bids 6♥.

The slam is a good one. If either the ♠Q or ♣K is right there are 12 tricks by way of a finesse. But the best way to play the hand would be to try to establish a ♠ in the North hand, and if that fails try the ♣ finesse.

6NT by South

Baker 2 over 1 11
 North opens 1♥ and South responds 2♣. Using standard bidding North would now jump to 3NT to show his 19 points, but in 2/1 this is not necessary since the partnership must not stop bidding until game is reached. So North just bids 2NT. South shows her minimum by bidding 3NT.

North will now disclose his extra strength. He bids 4NT. This is not Blackwood, but rather a quantitative raise in Notrump, and an invitation to slam.

South has 15 points, and they are good ones. She accepts the invitation and bids 6NT.

There are 11 top tricks. A 3-3 ♥ split would provide the 12th winner, but this is against the odds. Better to try two ♠ finesses, a 75% chance.

6♥ by North

North will have to pull trumps and play to discard a loser on the ♠T.

Baker 2 over 1 13. South opens 1♠. North has a powerhouse, plenty strong enough to jump-shift. But playing 2/1 it's usually simpler when you make the 2/1 response, and save your jumping for later - if at all. So North bids just 2♥, knowing South must keep the bidding open.

South knows North has at least 5 ♥s, so his first priority is to agree on the trump suit. He bids 3♥.

North now makes the slam try. She knows South has at least three trumps, and all she wants to find out is how many Aces/Kings South holds. So she bids Blackwood and South confesses to two Aces.

Still hoping for the Grand, North bids 5NT. Oops, South doesn't have any kings so North settles for a small slam.

This is a good slam, cold if East makes any opening lead other than a ♣. With a ♣ lead,

4 ♠ by North

Notice that South did not fall into the Blackwood trap. If she HAD asked for Aces, North would have shown one Ace and South wouldn't know what to do next. She might have figured the odds favored that one Ace being a red one and tried the slam. Moral: Don't use Blackwood when you have a void.

Baker 2 over 1 20
South opens 1♦. North responds 2♦, a 2/1
force to game.

South has a big hand, perhaps in the slam range, but first priority is to set a trump suit. So she contents herself with a rebid of 2♠. North agrees on trumps by bidding 3♠ (not Fast Arrival).

South now makes her slam try by using a Control-showing cue-bid. She bids 4♣, showing first round control of the suit (Ace or Void).

North's next bid would be a control-showing bid of her own - IF SHE HAD ONE. Since she cannot win the first round of either red suit she just returns to 4♦. South realizes that they are off two red Aces and passes.

Notice that South did not fall into the North would have shown one Ace and South figured the odds favored that one Ace being a red card when you have a void.

South opens 1♠. North responds 2♦, a 2/1 force to game.

South's priority is to now show the 4-card ♥ suit. Remember that North might also have 4 ♥s.

North doesn't have 4 ♥s, nor does she have 3 ♠s. She does, however, have stoppers in ♣s so she bids 2NT. South happily says 3NT.

3 NT by South

Baker 2 over 1 22. South opens 1♠. North responds 2♦, a 2/1 force to game.

South's priority is to now show the 4-card ♥ suit. Remember that North might also have 4 ♥s.

North doesn't have 4 ♥s, nor does she have 3 ♠s. Furthermore, she does not have stoppers in ♣s so she cannot bid NT. Since she has to keep bidding, but has no reasonable bid she can make, she bids the fourth suit, 3♣. Compare this Deal with Deal 21.

South understands that North's ♣ bid is Fourth-Suit-Forcing, and does not actually show ♣s. However since South does have a ♣ stopper he bids 3NT. In this case this turns out to be the best game contract.

2♠ by South

Baker 2 over 1 23
 South passes and North opens 1♠.

South now bids 2♦. Since South originally passed this is NOT 2/1 Game Force. Instead, it is forcing for one round and shows 11 or more points.

North next shows her 4-card ♥ suit. South gives a preference to 2♠.

Knowing that South does not have opening strength North passes 2♠.

2♠ by North

Baker 2 over 1 24
South opens 1♠. With 9 points and a doubleton ♠ North must respond 1NT.

In standard bidding South would happily pass a 1NT response. But in 2/1 the 1NT response is forcing for 1 round. South is forced to bid a 3-card minor so he says 2♣.

North prefers ♣ over ♠ but must allow for the possibility that South has bid a 3-card suit. So North gives a preference to 2♠. This is called a "false preference", but it assures the team of being in at least a 7-card fit.

South happily passes and the pair lands in a reasonable contract, probably better than 1NT.

good slam, needing only a decent ♠ break.

Baker 2 over 1 25

South opens 1♠. North has a mountain, but there is seldom a need to jump-shift when using 2/1. He bids 2♥.

South's priority on her first rebid is to agree trumps if possible. Knowing North has at least a 5-card suit, she bids 3♥.

North naturally feels slammish, and shows it with a control-showing cue-bid, 4♣. Do not even THINK this might be Gerber.

South doesn't have any extra strength, but that doesn't matter. With South making a slam try she should cooperate by showing her ♦ control. It is important to realize that South isn't showing any extra strength, she is merely going along with North.

North asks for Aces and gets two. He decides to find out about Kings, if South happens to have three he will bid 7NT. When South shows just one North settles for 6♥. This should be a

4♠ by South

Baker 2 over 1 26

South opens 1♠. With 11 points North cannot respond 2♣. So she bids 1NT, which is forcing for 1 round.

South's first priority is to show a 4-card ♥ suit. Since he doesn't have one his next priority is to rebid the 6-card ♠s.

North is strong enough to invite, and with the known 8-card fit she says 3♠.

South has a little extra so he bids 4♠, which is a pretty good contract.

Baker 2 over 1 27

North opens 1 ♠. Perhaps a little marginal, but you don't pass 13 point hands. South has a good 2/1 response of 2 ♣.

North's first priority is to show a 4-card ♥ suit, so he does. South wouldn't dare support ♥'s with only three cards, but has a good 2NT bid.

North is not happy in notrump so rebids the 6-card major, 3 ♠. South's two ♠'s are enough support so she bids the ♠ game.

3 ♠ by North

Baker 2 over 1 28

South opens 1♦. North cannot say 2♥ because he only has 11 points, and also because he only has 4 ♥s. So he bids 1NT (forcing for 1 round).

South rebids 2♣, a 3-card suit. North now jumps to 3♠, showing limit-raise strength. This sequence is the way to show a limit-raise with only 3 trumps; an immediate jump-raise to the 3-level shows a limit-raise with 4 trumps.

In any case South has a bare minimum and passes the invitation.
