end-played.

The defender who won the last trick cannot lead a trump because he has none. If he leads a ♥ or a ♣ you will get a ruff-sluff, ruffing in one hand while discarding a ♦ loser from the other. If he leads a ♦ you will get the free finesse you were hoping for all along.

With an elimination play you make it no matter who holds the Queen.

South's 3 ♠ bid is a limit raise showing T-12 points and good trump support. North is to play 6 ♠. East leads the ♥ Q.

With one certain ♥ loser you cannot afford to lose a ♦ also. You could guess which way to finesse and be correct half of the time. But an elimination play will work ALL of the time.

Win the first trick and play ♠ A, ♠ K. Trumps split 2-1.

Next play three rounds of ♣s to eliminate that suit from both your and dummy's hand.

With all the eliminations completed you are ready for the throw-in. Lead a ♥ from either hand. One of the defenders will win, (you don't care which), and will be

East is to play 4 ♠. South leads the ♥ Q.

This should remind you a lot of Deal 1. This time you have 1 ♥ loser and 3 ♦ losers. If you can force the opponents to lead ♦s you can make a trick with the ♦ Q or ♦ J, avoiding one of those losers.

Win the first trick and play ♠ A, ♠ K. Trumps split 2-1.

Next play three rounds of ♣s to eliminate that suit from you and dummy.

The eliminations are complete and it is time for the throw-in. Play the small ♥ from whichever hand you are in. This will be taken by one of the defenders.

No matter which defender wins the ♥ he is end-played. A ♥ or a ♣ will give you a ruff-sluff, but if he leads a ♦ you cannot be prevented from establishing either your ♦ Q or ♦ J as a winner.

Only by forcing them to start the ♦s can you take a trick in the suit.

leads the ♦. You play low in dummy and East must play either the ♦Q or ♦J to keep you from getting a cheap trick with your ♦9. So you take East's honor with your ♦A and then finesse West for the other honor. As long as the ♦Q and ♦J are in different hands the elimination play will succeed.

By forcing them to start the ♦s you make three tricks when the two outstanding honors are divided.

South is to play 6 ♠. West leads the ♥ Q.

This is another follow-up to Deal 1. But this time you are missing both the ♦Q and ♦J. In this case an Elimination play doesn't give you a guarantee, it just improves your odds.

Win the first trick and play ♠A, ♠K. Trumps split 2-1.

Play three rounds of ♣s to eliminate the suit from you and dummy.

Now execute the throw-in by leading a ♥ from either hand.

The defender who gets thrown in cannot play a ♥ or a ♣ without handing you the contract by way of a ruff-and-sluff. So he must lead a ♦. Suppose it is West who

your luck with guessing who had the ♣ Q.

West is to play 4 ♥. North leads the ♦ J.

Win the ♦ K, then pull trumps, it takes two rounds.

Next you eliminate the ♦s by playing ♦ A then ruffing the ♦ 8.

Execute the throw-in by leading a ♠.

The defense is in with a ♠ and they are welcome to take two more ♠s. But then they will have to play a ♠ or a ♦, giving you a ruff-sluff, or else lead a ♣ which finds the ♣ Q for you.

Here you were lucky the defense didn't start by taking their three ♠s. If they had, you would not have been able to pull off the throw-in, and would have had to try

4 ♠ by North  
Lead: ♦ J

North is to play 4 ♠. East leads the ♦ J, covered by the ♦ Q and ♦ A. West returns a ♦ to the ♦ K.

You still have two losers in the ♥ suit, so the question is which way you plan to finesse the ♣s. And of course the answer is that you don't plan to finesse them at all!

Pull trumps with the ♠ A, then ♠ K. Next ruff dummy's last ♦.

Now exit with a ♥. The defenders win this and take another ♥ trick, leaving this position.

They must now break the ♣ suit for you or give you a ruff-sluff. Of course you would ruff in dummy and discard a ♣ from the 3-card holding in your hand.

If East is the one who has to play a ♣ you need to insert the ♣ T or ♣ J from dummy.

In either case you will no longer have a ♣ loser.
