4♥ by North

Baker 2 over 1 5
 South opens 1♠, the higher ranking of the two 5-card suits.

North, with 14 points, responds 2♣, forcing the partnership to game.

South now bids his ♥ suit.

At this point North figures South for 5 ♠s and 4 ♥s. North cannot support either of South's Majors, but with a good stopper in the fourth suit bids 2NT. The game force is still on and South may not pass this bid.

South bids 3♥, indicating that this is also a 5-card suit. Now North can bid the ♥ game, knowing there is an 8-card fit.

4♥ by South

Baker 2 over 1 6

North opens 1♠ and South, with 14 points, responds 2♥. Note that South is not permitted to make this bid without a 5-card or longer ♥ suit.

North, knowing that South has 5, bids 3♥ to confirm the trump suit.

South has a minimum strength hand with no slam aspirations, so he uses Fast Arrival and bids 4♥. North is also satisfied to just play at game.

2/1 is a good bidding method, and here, 4♥ is a good contract. But you can see that it is not a laydown - there is no bidding system that will always reach T0% contracts. In this hand a 3-3 ♦ split will provide the Tth trick, or if that fails, taking 2 ♠ finesses provides a 75% chance of success.

4♥ by South

Baker 2 over 1 7
 South has 13 points and naturally opens 1♠.

North, with 15 points, would bid 2♥ in standard bidding, but with 2/1 this promises a 5-card suit. So instead, North responds 2♣, forcing the partnership to game. Note that holding two 4-card minors North bids them up-the-line, just as in standard bidding.

South has a nice 6-card ♠ suit, so you might think he would rebid them. But Opener's first responsibility with his second bid is to show a 4-card Major if he has one. This isn't much of a suit, but South still bids 2♥.

You can see why it is important for Opener to show a 4-card Major. Since North couldn't bid ♥s in her first response the fit would have been lost if South had not mentioned the suit. North now confirms the trump suit with a 3♥ bid, and South shows his minimum by just bidding the game.

3 NT by North

partnership to reach a game somewhere.

Baker 2 over 1 8
North opens 1♥, his 5-card Major. South, with 14 points, naturally responds 2♦, forcing the partnership to game.

North next bids 2♠, showing the other Major suit. In standard bidding North would not be able to bid the ♠s since that would be a Reverse and North is far too weak to Reverse. But after a 2/1 Response the concept of a Reverse does not apply, and the priority of showing a 4-card Major certainly does apply.

South assumes North to be 4-5 in the Majors, so she cannot support either. She bids 2NT. If North actually has 6 ♥s (or 5 ♠s) he will rebid the suit. South's 2NT bid guarantees a stopper in the fourth suit.

North does not have either 6 ♥s or 5 ♠s so he just bids 3NT. Notice that North never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the
