6 ♥ by South			

North opens 1 ♠. South has a powerhouse, plenty strong enough to jump-shift. But playing 2/1 it's usually simpler when you make the 2/1 response, and save your jumping for later - if at all. So South bids just 2 ♥, knowing North must keep the bidding open.

North knows South has at least 5 ♥s, so his first priority is to agree on the trump suit. He bids 3 ♥.

South now makes the slam try. She knows North has at least three trumps, and all she wants to find out is how many Aces/Kings North holds. So she bids Blackwood and North confesses to two Aces.

Still hoping for the Grand, South bids 5 NT. Oops, North doesn't have any kings so South settles for a small slam.

This is a good slam, cold if West makes any opening lead other than a ♣. With a ♣ lead, South will have to pull trumps and play to discard a loser on the ♠T.

S

South opens 1 ♥ and North responds 2 ♦.

South has a good-looking hand, but needs to find a trump suit before she starts showing her extra strength, so she bids just 2 ♥.

Knowing that South holds 6 ♥s, North can support with the honor doubleton so he agrees the trump suit with a Fast Arrival bid of 4 ♥.

South has some extra strength, but not enough to push on after North's weak bid. Notice that if South DID try a 4 ♠ Control bid North would just bid 5 ♥ and the pair might be one trick too high.

♠ K 7 4 3	♦ 6	♣ A 10 9 2
♥ 6	♦ Q J 10 7	
♦ 6	♣ A 10 9 2	

North opens 1 ♠. South has 11 points, enough to respond 2 ♥ in standard bidding, but not when using 2/1. So she bids 1 NT.

North would love to pass 1 NT but is not permitted to do so. He has no good bid, so he must bid a 3-card suit. When holding two 3-card minors, usually bid ♣s. South now shows the ♥ suit that she could not bid first round.

North was forced to reply to 1 NT, but he is not forced to bid again. With his minimum hand and a tolerance for partner's suit he just passes and the partnership ends up in a reasonable contract.

This hand demonstrates one of the benefits of Forcing 1 NT. In standard bidding South's first response would be 2 ♥, and North would have to bid again, probably 2 NT. The partnership might go even higher but in any case would probably not reach a good contract.

S	E

North opens 1 ♠. South has 11 points, enough to respond 2 ♣, (or 2 ♦), in standard bidding, but not when using 2/1. So she bids 1 NT.

North is forced to bid again, but unlike the previous hand, here he wants to keep bidding. He bids 2 ♣. South knows North doesn't have ♥s, so she shows her above-minimum hand by bidding 2 NT.

North is happy to play Notrump. He assumes South must have something useful in ♦s and bids 3 NT.

3 NT seems to be a good contract. There are 8 top tricks and possibilities for a ninth winner in either ♠s, ♦s, or, (the best chance), ♣s.

Pass	Pass	Pass	2 ♥
2 ♥ by South			

♠ J 10	♦ K 8 2
♦ Q J 6	♣ K Q 8 6 3

South opens 1 ♥. North responds 1 NT, just as in standard bidding. The difference is that in this case the 1 NT response is forcing on South.

South has an easy second bid, he rebids his 6-card suit. North has nothing to say over 2 ♥ except pass.

Notice that this is the same bidding and same final contract that would have been reached with standard bidding. Using 2/1 is often like that.

West	North	East	South
Pass	2 ♦	Pass	1 ♠
Pass	4 ♠	Pass	3 ♦
Pass			Pass
4 ♠ by South			

South opens 1 ♠. North responds 2 ♦, a 2/1 force to game.

South cannot rebid her ♠s, but has decent support for partner's ♦s. So she bids 3 ♦.

North always intended to play a ♠ contract. He now bids 4 ♠, using Fast Arrival to indicate he has no slam aspirations.

4 ♠ is cold, and if the defenders don't take their ♥ tricks immediately South will make an overtrick.
