7NT by South

## Baker Bidpractice/Set 7 13

SOUTH isn't sure just how much he can make, but surely 6

isn't

too much to hope for.

He starts with a Gerber 4 and NORTH shows three Aces.

Hmmm, 5 asks for Kings and NORTH shows three.

Hmm, SOUTH can now count all thirteen tricks, so he forgets about the

slam and bids 7NT.

4 NT by North

## Baker Bidpractice/Set7 14

NORTH has 13 points and can contribute six tricks so she figures that twelve tricks will be a slam (dunk).

However, just to make sure the opponents don't take the first two tricks she checks with Gerber.

Uh Oh, missing two Aces she signs off at 4NT. She could also happily play 5 but it

would be tricky to get there. Very tricky.

4NT by South

A she would bid 6NT and collect her twelve easy tricks.

**Baker Bidpractice/Set7 15**

Yes, this has nothing to do with Gerber or Blackwood, but everything to do with smart bidding.

SOUTH has a 16 points and NORTH has 15, 16 or 17. SOUTH wants to be in 6NT if NORTH has 17,

but merely a Notrump game if she has 15 or 16.

The way to find out is to bid 4NT - not Blackwood but merely an invitation to bid 6NT.

In this case, NORTH has but 15 points and declines the invitation. If her

6 NT by North

## Baker Bidpractice/Set 7 16

When SOUTH opens 1NT NORTH hopes his hand includes all four Aces so she can bid 7NT.

So she uses Gerber to find out.

But, when she discovers they are missing an Ace she settles for 6NT.

7NT by North

Baker Bidpractice/Set7 18  
 NORTH is just shy of a 2 opening bid, and when  
 SOUTH shows 13-15 points NORTH

wants to be in a slam.

NORTH cannot use Blackwood because 4NT would  
 be a natural invitation, but with SOUTH's latest bid

being 2NT he can use Gerber.

Two Major Aces and two Minor Kings fill the holes  
 in NORTH's hand so he bids 7NT.
