You have 14 points but so what. You have no 5-card suit to Overcall. You cannot make a Takeout Double with 4 of their suit. So you pass. It is important to realize that there are hands you would open but cannot overcall with.

You have 10 points, but in cases like this points don't matter that much. They MIGHT be able to make 4 ♥. Partner MIGHT be able to make 4 ♠. This preemptive jump takes the decision away from them.

Looking at the hands you can see that partner is going to go down 1 at 4 ♠. However, that is an excellent result since they appear to be cold for 5 ♥.

This hand would be one point too strong to Open 1 NT, but it fits the 15-18 range to Overcall 1 NT. Partner responds 2 ♣. What do you bid?

Don't get your systems crossed. Partner did not make a cue-bid, he is using Stayman. Since you have no 4-card Major suit you answer 2 ♦. Partner now says 2 NT and the ball is in your court.

This is just a plain old 1 NT/Stayman sequence. Partner is inviting, and since you have 18 points you accept.

With a good 6-card suit and 10 points you make a Weak Jump Overcall to 2♦. Partner says 2 NT.

The 2 NT bid is a standard response to a Weak 2-bid. It asks for the identification of any outside high-card if the Weak 2-bidder has more than a minimum. Here you are in the top range for your bid so you show your ♥ K.

That was apparently the missing link for partner, he now says 3 NT.

The bidding has been as shown. It is your bid. What do you say?

You might just try 4♠. Of course if partner has a minimum Weak Jump Overcall that will get you much too high. A better approach is to ask for more information from partner. The bid that asks is 2 NT. Partner replies 3♦.

Partner's 3♦ bid tells you two things. One, he is in the top half of his 6-11 point range. Two, he has a high card (Ace or King) in ♦s. When you construct a hand for him which contains 6 pretty good ♠s and the ♦ A you come up with a hand which will probably make game. Bid 4♠.
