NORTH definitely does NOT have the

Q. But with five trumps she

does know that SOUTH probably does not have a trump loser so she jumps

to 6

anyway.

NORTH cannot use RKCB at her second bid because trumps have not been agreed. So she bids

3

to set trumps, knowing SOUTH cannot pass after her jump-shift.

SOUTH tries to stop at game but NORTH is too strong so she now uses RKCB and gets

to 6

when SOUTH shows two Key Cards and the trump Queen.
