7 ♥ by South

When NORTH answers Blackwood with one Ace SOUTH decides to bid 5 NT to ask for Kings.

With two Kings, NORTH would bid 6

â™¥

.

But she knows that if she does so, SOUTH might stop right there.

Knowing the 5 NT bid guarantees all four Aces, NORTH figures her â™£ suit will

supply five tricks so she bids 7

â™¥

.

5 ♥ by South

SOUTH thinks there might be slam if NORTH holds both minor Aces, so he tries Blackwood.

When NORTH shows just one Ace SOUTH is afraid he will have a trump loser as well, so

he stops at 5

â™¥

.

It turns out that SOUTH might make twelve tricks, depending on the

â™¥

K situation.

7 NT by South			

NORTH might be tempted to blast into Blackwood with his first bid, pushing toward some slam

in

â™¥

s. He chooses to temporize with a 1

â™¥

response and is rewarded when SOUTH jumps to 2 NT (18-19 points).

The Notrump bid prevents NORTH from using Blackwood, but Gerber 4â™£ will work just fine.

When he discovers that SOUTH holds three Aces and one King he can count thirteen tricks.

6 NT by South			

SOUTH responds 2 NT, showing 8+ points with no 5-card suit.

NORTH only needs to know how many Aces are in the SOUTH hand. He must use Gerber since

4 NT in this situation would not be Blackwood.

When SOUTH shows two Aces NORTH bids 6 NT.
