6 ♠ by North			

When NORTH makes a slam try with a jump to 3 \hat{a}^{TM} , the best approach for SOUTH is to agree on

the trump suit immediately but indicate a minimum hand by bidding 4 \hat{a}^{TM} .

NORTH's next move is logical; RKCB 4 NT.

SOUTH shows zero or three Key Cards, and since it could not possibly be zero, NORTH knows they are

the \hat{a}^{TM} K and both red Aces. Even possessing all the Key Cards NORTH knows there aren't

enough points for a Grand slam.

7 NT by South			

It is usually not recommended to use any form of Blackwood when you have a suit with two quick

losers, but SOUTH knows NORTH would not preempt with a 10-high

â™¥

suit.

NORTH's reply to RKCB is 5

â™¥

, showing two Key Cards.

SOUTH knows they are the

â™¥

A

â™¥

K

so she can count thirteen tricks.

She bids a confident 7 NT (and hopes NORTH didn't open 3

â™¥

with a 6-card suit.

5 ♠ by North			

NORTH has 21 points, and when she hears SOUTH make a limit raise she tries for slam with RKCB.

SOUTH answers with just one Key Card so NORTH stops at 5 \hat{a} TM, knowing they are missing

two Key Cards.

Of course she didn't expect the two missing Key Cards to be the Ace and King of trumps!

4 NT by South

What is this doing here in the RKCB Practice Pages?

To emphasize that there are many 4 NT bids which are NOT asking for Aces.

In this case, SOUTH showed a balanced hand with 18 or 19 points, and NORTH invited him

to bid 6 NT if he felt his hand was a "maximum". He didn't, so he passed.
