Your 3♥ bid showed 11-12 points. Decide how you would answer partner's Blackwood 4NT, then click on **BID** above.

The Blackwood response for 1 Ace is 5♦. Partner evidently was hoping for 2, and he signs off at 5♥. He is the Captain so you pass.

Very interesting! If partner's 1NT bid happens to include 3 Aces and one King you can count 13 tricks! So you bid 4♣, definitely Gerber following the 1NT opening. Partner answers 4♥. What do you say next?

You almost refuse to believe it! How can partner have a 1NT opener with only 1 Ace? But you trust your partner so you bid 4NT. Everybody passes and you stare in amazement at partner's 16 points.

Wouldn't it have been funny if partner had thought your 4♣ bid was Stayman? And so his 4♥ bid would have been showing a suit. And then your 4NT bid would have been Blackwood. And then he would have answered 5♦ and you would have passed and made it!

With a 20 point balanced hand you open 2NT. What do you rebid after partner jumps to 4♣?

The 4♣ bid is Gerber and your correct response with 2 Aces is 4♠. Partner now bids 6NT and since he is the Captain you pass.

Partner opens a Weak 2-bid and catches you with a blockbuster. The only thing you want to know about his hand now is how many Aces he has. So you bid 4NT. Partner answers 5♥.

That makes it simple, with 2 Aces you bid a confident 6♥. If he had 1 Ace you would have bid an also confident 5♥. If he had zero Aces you would have been in a spot of trouble. And if he had 3 Aces you would have asked him how he could open a Weak-2 with that many points.

You **MIGHT** say that with 13 points and partner controlling the ♣s you could jump to 2NT, "To show you my points, partner." You might say it but you won't because your first priority is to look for a Major suit fit. You bid 1 ♥ (skipping ♦s with the two Majors). Partner now jumps to 4 ♥.

Partner says you can make game even if you have a minimum 6 points. So he must have about 20. So you think you can make slam and you bid 4NT. Partner answers 5 ♥.

Partner shows 2 Aces so you bid 6 ♥.

You dealt this hand.

You have 20 points and it would not be terrible to open 2NT. However, strictly speaking you shouldn't open 2NT with two doubletons. So you open 1 ♦. Partner responds with a jump to 2NT.

With partner's 13-15 added onto your 20, bidding 6NT would be a reasonable bid. However, it costs nothing to check for Aces first, so you bid 4 ♣. (Everybody agrees this is Gerber, right?) Partner answers 4 ♠.

Easy, missing one Ace you bid 6NT.

You dealt this hand.

With 13 points and a good Major suit you naturally open 1 ♠. Partner responds 3 ♥.

We are playing strong jump-shifts by Responder so partner is showing 17+ points. However, you are still stuck with your minimum opening so you just rebid 3 ♠. Partner bids 4NT. What is your reply?

He asks for Aces so you bid 5 ♥ showing 2. He now bids 5NT.

You have no King. So you reply 6 ♣ and partner bids 6NT (safer than 6 ♠).

Interesting hand. Too bad these only come up in lessons and never at the table! You could jump right into Ace-asking but there is no rush so you say 2 ♠. Partner now rebids 2NT.

Now you know all about partner's hand. 22-24 points, balanced. Now ask for Aces. If you agree that 4 ♣ is Gerber here then that's what you should bid. If not, then you would have to use Blackwood. Partner answers 4 ♦.

The 4 ♦ reply says either zero or all four. Put your money on all four and bid 7NT.

6 ♠ by South

Lead: ♥ A

With 15 points and a nice 5-card suit you respond 1 ♠. Partner jumps to 4 ♠.

Do NOT say "Partner bid a close-out bid so I'll pass." Partner's bid means he thinks you can make 4 ♠ even though he is only counting you for 6 points. Since you have 15+ now you want to go for more. You bid 4NT and partner answers 5 ♦. What do you say next?

Partner has 1 Ace so you can go no higher than 6. Although you can't tell for sure that slam will make, remember you used Blackwood just to be sure you weren't missing two Aces. You are not and you have enough points so you bid it. Although you can see that 6NT would have been a great contract you had to take the safer 6 ♠.

You dealt this hand.

You aren't strong enough to open 2 ♣ so you bid 1 ♠.  
 Partner responds 3 ♠.

Partner's limit-raise shows 11-12 points and you revalue your hand up to 22. So you are definitely in slam territory. You hope partner has 2 Aces but you cannot use Blackwood with that worthless doubleton in ♦s. Instead you make a control-showing bid of 4 ♣. Partner then bids 4 ♥.

The good news is that partner's control-showing bid says he has the ♥ A. The bad news is that he bypassed ♦s so he does not have the ♦ A. Since you may have 2 quick losers in ♦s you sign off at 4 ♠.

You have a textbook 1NT opener, so you open 1NT.  
Partner says 4NT.

**THIS IS NOT BLACKWOOD.** Partner's bid is the Quantitative 4NT. He has 16 points and is inviting you to bid slam if you have a maximum opener, but to pass with a minimum. Since your 17 point hand is at the top of the 1NT range you accept the invitation and bid 6NT.

After toying with the idea of a jump to 6NT, or perhaps a Gerber 4♣, you decide to bid 3♦. Partner rebids 4♦ and it is your turn.

Time to check for Aces. You bid 4NT and partner answers 5♥.

Tempting though it may be it is too dangerous to try 6NT. So you bid 6♦ which turns out to be laydown while 6NT would have been down 4.

You dealt this hand.

You decide to preempt 3♠ with this hand. Partner's eyes wobble and he jumps straight to 4NT.

With 1 Ace and a void in a lower-ranking suit you should bid 6 of that suit. So you bid 6♣. Partner jumps again, this time to 7♠. What do you b . . . oh never mind.

If you play Jacoby Transfers you may think of transferring partner to ♥s, then bidding the slam. but with this hand there really is no big advantage for partner being the Declarer so you decide to just take the bull by the horns. You bid a Gerber 4♣. Partner says 4♥.

Partner has only a single Ace in his 2NT opener. No slam for your team. You pass and let partner be the Declarer after all!

Your 4♣ bid is a Splinter Bid, showing an opening hand with good ♥ support and either a singleton or a void in ♣s.

With 2 Aces and a void the correct response is 5NT. Partner now bids 7♥. Notice how he cleverly figured out your void must be in ♣s.
