

Stayman and Jacoby Transfers

The Stayman convention is used to find a 4-4 Major suit fit after one partner has opened 1NT or 2NT. Responder bids an artificial 2♣ and the Notrump bidder then bids a 4-card Major if she has one, or 2 or 3 ♦ otherwise.

The Jacoby Transfer convention is used to uncover a 5-3 Major suit fit after one partner has opened 1NT or 2NT. A response of ♦s asks opener to bid ♥s, a response of ♥s asks opener to bid ♠s.

The two conventions complement each other, that's why they are together in this set of practices.

SOUTH has 11 points and five ♥s, so she responds 2♦ as a Jacoby Transfer.

When NORTH bids the required 2♥, SOUTH jumps to 3NT to show at least 11 points, but only a 5-card ♥ suit.

Since NORTH has only a doubleton ♥ she passes 3NT.

EAST, with a balanced 17 point hand naturally opens 1NT.

WEST has a really awful hand, but she does hold six ♠s. So she uses Jacoby Transfer, and when EAST bids 2♠ she passes!

NORTH has four cards in each Major suit - this is an ideal situation for Stayman.

SOUTH shows a ♥ suit and NORTH immediately bids game in that suit.

Stayman convention works just fine after a 2NT opening, just at a higher level.

EAST knows that 6 points will be enough for game opposite WEST's 20-21, she just needs to find out if there is a 4-4 Major suit fit. There is, in ♠s.
