

Strong 2-♣ Opening

Open 2♣ on any hand containing 22 or more points.

OR, open 2♣ with a hand containing 19-21 points and with 9+ playing tricks.

There are several methods of responding. For these Deals use the 2♦ Negative for all hands with 7 or fewer points. Any other response shows 8 or more points.

The 2♣ bid is artificial; Opener's second bid describes her hand.

2NT shows a balanced 22-24 point hand

3NT shows a balanced 25-27 point hand

2 of a suit shows a 5-card or longer suit

With a very weak hand (0-3 points) Responder should bid the "second negative" at his second turn. This is usually 3♣, but if Opener bids 3♣ then it is 3♦. If Opener should bid 3♦ at his second turn the second negative bid is 3♥.

Later bidding depends on the partnership, but unless particular conventions are in use then later bidding is natural.

WEST has a nice 2♣ opening hand.

With 8 points, EAST can make a positive response so he bids his 5-card ♥ suit.

WEST likes ♥s, knows there are at least 33 points, but needs to make sure the opponents don't have two Aces so she uses Blackwood.

When EAST shows one Ace WEST bids 6♥.

NORTH opens 2♣ and is pleased when SOUTH makes a positive response of 2♠. His first step is to set the trump suit by bidding 3♠. There is NO chance that SOUTH will pass.

SOUTH now bids 4♣ a Control-showing bid. NORTH continues Control-showing with 4♦.

That's enough for SOUTH to hear. She invokes Blackwood and learning they have all the Aces bids 7♠.

EAST has a minimum 2♣ opening.

WEST, with 8 points and a 5-card suit, should make a positive response, 2♠.

EAST shows the ♠ support first, to set the trump suit, and to give WEST an opportunity for a move toward slam if he wants to do so.

WEST would now make a Control-showing bid IF HE HAD A CONTROL. Since he doesn't he just returns to 4♠ which EAST passes.
