Since there has not been a clear agreement on the trump suit you can assume it is ♥s, the last bid suit.

So you have two Key-Cards (♠A and ♥K, along with the ♥Q). You therefore bid 5♠ and partner bids 6♥.

Partner's jump to 4 ♠ indicates he is prepared to play at game even if you have as few as 6 points. So he must have 20 points or so. With your 14 that puts you in slam range.

Despite your conviction that this hand is going to slam you should **NOT** ask for Key-Cards holding a worthless doubleton. Instead, you make a slam try by bidding your cheapest control, 5 ♣. Partner says 5 ♥. What is your next bid?

You can only say 5 ♠. Partner would have control-bid ♦ s if he held the Ace since controls are bid up-the-line. His failure to show it means he doesn't have it. Since you might be off the first two ♦ tricks you stop at 5 ♠.

Yes, partner should probably have opened 2NT. Sometimes partners don't make the bids you think they oughta.

Your partnership plays Jacoby 2NT convention, so partner's 2NT shows a game-forcing raise in ♠s. Your 3NT bid indicates a 5-card suit and "extra values". Partner's 4♥ is a control-bid showing the ♥A.

What you need to know now about partner's hand is Key-Cards so you bid 4NT. He answers 5♠. What is your bid?

Partner's response says 2 Key-Cards and the ♠Q. So you are missing either the trump King or the ♦A. So you shouldn't bid 7, but you will almost surely make 6. You bid 6♠.
