3NT by North

Lead: ♥Q

If West held the ♠A you would not have made the contract.

North is to play 3NT. East leads the ♥Q.

Winners: ♠=0 ♥=2 ♦=4 ♣=1 Total = 7

Needing two more winners you will have to make both the ♠K and ♠Q. This will only be possible if East holds the ♠A. Win the first trick (if you don't East might switch to ♣s) and play a small ♠ toward dummy's ♠Q. It holds the trick.

You should take your four ♦ winners now, being sure to end up in your hand. Then play another small ♠ toward dummy's ♠K. This also wins.

You have now won 7 tricks so don't mess around now. Take your two Aces and let them have the last four tricks.

A Simple Finesse has only a 50% success rate. That's why we only take finesses as a last resort.

| Lead: ♦ 3   |              |             |              |

East is to play 3NT. South leads the ♦ 3.

Winners: ♠=1 ♥=5 ♦=1 ♣=1 Total = 8

You need just one more winner. Since South probably has 4 ♦s you will not be able to establish a trick in that suit, so your only hope is the ♠Q. You win the first ♦ so they don't get a chance to switch to ♣s, a suit you are worse off in. Then take your 5 ♥ tricks, ending in dummy.

You can't put it off any longer so play a small ♠ from dummy and put the ♠Q on. If it wins you will make your contract, if it loses you won't.

North held the ♠K so you were lucky this time.

But remember, finesses only work half the time. The other half they lose.

| Lead: ♥Q     |       |      |       |

South is to play 3NT. West leads the ♥Q.

Winners: ♠=0 ♥=2 ♦=2 ♣=4 Total = 8

Needing one more winner you should see right away that it cannot come from ♥s, ♦s, or ♣s. That means you must hope that East has the ♠A. Win the first ♥, then play your 4 ♣ winners ending in dummy.

The moment of truth. You lead a small ♠ from dummy. East plays low and you play the ♠K.

Unfortunately West takes your ♠K with the ♠A. He then plays another ♥ and you at least make 8 tricks but have no hope for a ninth one so you go down 1.

You probably thought since these Deals were all about finesses that they would work all of the time.

Welcome to the real world.

4♥ by West

Lead: ♠K

can see that you have only 3 losers remaining in your hand. So you start pulling trumps and establishing the ♣s.

West is to play 4♥. North leads the ♠K.

Losers: ♠=2 ♥=1 ♦=0 ♣=1 Total = 4

North found the best opening lead for his side, exposing your ♠ losers before you could establish the ♣ suit for a discard. If you start to pull trumps right away the defense will grab the ♥A, then take their two ♠ tricks and you will still have the ♣A that you cannot avoid.

Other than the ♦A the only useful card in dummy is the ♦Q so you must try to make a winner out of that for a discard. So win the ♠A, lead your singleton ♦ and finesse the ♦Q. Your luck has returned, the ♦Q wins and you discard one of your ♠ losers on the ♦A.

At this point you have not lost any tricks, and you

If the ♦ finesse had lost you would have gone down 2 instead of just one.

The risk was worthwhile though since it gave you your only chance of making the contract.
