NORTH cannot see a game unless SOUTH has help in ♣s so she makes a Help Suit Game Try.

SOUTH has 8 points and the doubleton ♣ K Q so he bids the game.

NORTH has a perfect hand on which to use Fourth Suit Forcing. If South can stop ♠s, then 3NT would be a great contract.

There is one problem - if NORTH bids 1♠ at her second turn it is NOT considered FSF, so she must jump to 2♠.

SOUTH, win a fine ♠ stopper, bids 3NT.

SOUTH's 2♦ bid is a perfect example of NMF. It provides NORTH with the opportunity to show either a 4-card ♥ suit, OR 3-card ♠ support.

In this hand NORTH actually has both. When that happens, showing the ♥s is first priority.

SOUTH's 1♠ bid is definitely forcing, but it is not FSF. In this one instance, all bids at the one level, the ♠ bid shows a real suit.

So NORTH shows the 4-card support and SOUTH bids game.

NORTH could make a Help Suit Game Try in either ♠s or ♣s. But she doesn't need the ♠ help as much as she does in ♣s, so she chooses ♣s.

SOUTH doesn't have a strong hand but has excellent help in ♣s so he bids the game.

Could SOUTH bid 2♥, (FSF), even though she actually has the suit?

Perhaps, but there is no reason to do so. NORTH does not have four ♥s or he would have mentioned them before bidding ♠s.

SOUTH should ignore the ♥ suit and bid 3NT.
